

## Special Issue proposal

Those wishing to propose a Special Issue should prepare a proposal that includes the following:

- Special Issue title and order of Guest Editor(s) (names, titles, affiliations and contact information). For cases of more than one Guest Editors, a Managing Guest Editor will need to be identified who will be responsible for handling all papers of the special issue with the help of the other Guest Editors.
- List of proposed paper titles, with authors and abstracts. Note that we seek a minimum of 10 committed abstracts but ideally not more than 20 articles for the final issue
  - Written proposal of 1 page. This is an essential item. This must state the need for the proposed Special Issue by stating:
    - a. Any novelty provided by the papers
    - b. Theme of the issue
    - c. A proposed time schedule
    - d. Approximate number of pages
  - HighRiseBooks is strictly against unethical practices and plagiarism, the special issue should be plagiarism free
